FORMALITIES LETTER

NOTICE TO FILE CORRECTED APPLICATION PAPERS
Filing Date Granted

An application number and filing date have been accorded to the above-identified nonprovisional application. The application is informal since it does not comply with the regulations for the reason(s) indicated below. Applicant is given TWO MONTHS from the date of this Notice within which to file all required items below to avoid abandonment. Extensions of time may be obtained by filing a petition accompanied by the extension fee under the provisions of 37 CFR 1.136(a).

Specification Items

The specification, claims, and/or abstract page(s) submitted is not acceptable because:

- The line spacing on page(s) All of the specification is not 1 1/2 or double spaced (see 37 CFR 1.52(b)). A proper substitute specification in compliance with 37 CFR 1.121(b)(3) and 1.125, having the proper line spacing throughout, is required to satisfy this requirement.
The line spacing on page(s) All of the claims is not 1 1/2 or double spaced (see 37 CFR 1.52(b)). A proper claim listing, having the proper line spacing throughout, is required to satisfy this requirement.
The line spacing on page(s) All of the abstract is not 1 1/2 or double spaced (see 37 CFR 1.52(b)). A proper replacement abstract, having the proper line spacing throughout, is required to satisfy this requirement.
The specification contains drawings or flow diagrams (37 CFR 1.58(a)) on page(s) 2, 3. Drawings or flow diagrams cannot be embedded in the specification and should be submitted separately in accordance with 37 CFR 1.84. (Both a substitute specification in compliance with 37 CFR 1.125 and new drawings in compliance with 37 CFR 1.84 and 1.121(d) are required).

The following item(s) appear to have been omitted from the application:

- Figure(s) All described in the specification.

Applicant must reply to this Notice within the time period set forth in this Notice to avoid abandonment of the above-identified nonprovisional application. Applicant must select one of the three following options and the reply must comply with the requirements set forth in the selected option and any other requirements set forth in this Notice. The reply should also indicate which option applicant has selected. Petitions in accordance with option I or II should be addressed to: Mail Stop Petitions, Commissioner for Patents, P.O. Box 1450, Alexandria VA 22313-1450.

**I. Petition for date of deposit:** Should applicant contend that the above-noted item(s) was in fact deposited in the U.S. Patent and Trademark Office (USPTO) with the nonprovisional application papers, a copy of this Notice a petition, the petition fee set forth in 37 CFR 1.17(f), and evidence of such deposit must be filed within **TWO MONTHS** of the date of this Notice. See 37 CFR 1.53(e)(2). THIS TWO MONTH PERIOD IS EXTENDABLE UNDER 37 CFR 1.136(a) or (b). The petition fee will be refunded if it is determined that the above-noted item(s) was received by the USPTO with the application papers deposited on filing.

***Applicant should review their application file and determine whether their file differs from USPTO's records. In some situations, there may be a mislabeling of the drawings and/or a failure to describe in the brief description each of the figures as labeled. See 37 CFR 1.74, 1.77(b)(9), and 1.84(u)(1).***

The brief description of the drawings in the specification must correspond with the figures (see 37 CFR 1.74 and 1.77(b)(9)), and the figures must be labeled in accordance with 37 CFR 1.84(u)(1). For example, if the brief description describes only Figure 1 and Figure 2, but the drawings show Fig. 1 and Fig. 2A and Fig. 2B, then applicant must file a substitute specification, which adds references to Figure 2A and Figure 2B and deletes the reference to Figure 2, in compliance with 37 CFR 1.52, 1.121(b)(3), and 1.125. As another example, if a drawing is labeled Figure 2, but Figure 2 includes multiple figures labeled as A, B, and C, then applicant must file replacement drawing sheets in compliance with 37 CFR 1.84 and 1.121(d), with figure labeling in accordance with 37 CFR 1.84(u)(1) (e.g. Fig. 2A, Fig. 2B, and Fig. 2C). If the specification does not refer to the figures as relabeled, then applicant must also file a substitute specification in compliance with 37 CFR 1.52, 1.121(b)(3), and 1.125 that amends the specification to refer to the relabeled figures (e.g. Fig. 2A, Fig. 2B, and Fig. 2C). **A petition for date of deposit under option I should NOT be filed in situations where there is simply a mislabeling of the drawings and/or a failure to describe in the brief description each of the figures. Instead, applicant should file a reply under option III(A) below (including replacement drawing sheets and/or a substitute specification as described).**

**II. Petition for later filing date:** Should applicant desire to supply the omitted item(s) and accept the date that such omitted item(s) was filed in the USPTO as the filing date of the above-identified application, a copy of this Notice, the omitted item(s), and a petition under 37 CFR 1.182 with the petition fee set forth in 37 CFR 1.17(f) requesting the later filing date must be filed within **TWO MONTHS** of the date of this Notice. THIS TWO MONTH PERIOD IS EXTENDABLE UNDER 37 CFR 1.136(a) or (b).

Applicant is advised that the filing fee required for an application is generally the filing fee in effect on the filing date accorded the application and that payment of the requisite basic filing fee on a date later than the filing date of the application requires payment of a surcharge (37 CFR 1.16(f)). To avoid processing delays and payment of a surcharge, applicant should submit any balance due for the requisite filing fee based on the later filing date being requested when submitting the omitted item(s) and the petition (and petition fee) requesting the later filing date.

**III. Accept the application as deposited by filing an appropriate amendment:** Applicant may accept the application as deposited in the USPTO by filing an appropriate amendment as set forth in either (A) or (B) below within **TWO MONTHS** of the date of this Notice. THIS TWO MONTH PERIOD IS EXTENDABLE UNDER 37 CFR 1.136(a) or (b). The filing date of the application will remain the date of deposit of the application papers in the USPTO, and original application papers (i.e. the original disclosure of the invention) will include only those application papers present in the USPTO on the date of deposit. A petition is not required for this option.

(A) If applicant chooses to accept the application as deposited without adding the subject matter that was in the omitted item(s), applicant is required to submit one or more of the following items without adding any new matter (see 35 U.S.C. 132(a)):

- **To remove a missing figure of the drawings or to correct the figure labeling:**
  - replacement drawing sheets in compliance with 37 CFR 1.121(d) to renumber the drawing figures consecutively (if necessary), and/or

- a substitute specification (excluding claims) in compliance with 37 CFR 1.52, 1.121(b)(3), and 1.125 that amends the specification to cancel any references to any omitted drawing(s) and corrects the references in the specification to the drawing figures to correspond with any relabeled drawing figures.
- A proper substitute specification in compliance with 37 CFR 1.52, 1.121(b)(3), and 1.125 consists of:
  - A copy of the previously-submitted specification, with deletions shown with strikethrough or brackets and insertions shown with underlining (marked-up version) unless it is indicated above that a marked-up version is not required for each of the correction(s).
  - A copy of the amended specification without markings (clean version).
  - A statement that the substitute specification contains no new matter, in compliance with 37 CFR 1.121(b)(3) and 1.125.

(B) Alternatively, if applicant chooses to accept the application as deposited but wishes to add the subject matter in the omitted items(s) by relying on an incorporation by reference under 37 CFR 1.57 or other portions of the original disclosure, applicant is required to submit the following without adding any new matter (see 35 U.S.C. 132(a)):

- **To add a missing figure of the drawings:** new and replacement drawing sheets in compliance with 37 CFR 1.121(d);

If applicant is relying on an incorporation by reference under 37 CFR 1.57 to add the omitted subject matter, then applicant must also comply with the requirements of 37 CFR 1.57.

Applicant is cautioned that correction of the above items may cause the specification and drawings page count to exceed 100 pages. If the specification and drawings exceed 100 pages, applicant will need to submit the required application size fee.

Applicant is cautioned that correction of the above items may cause the specification and drawings page count to exceed 100 pages. If the specification and drawings exceed 100 pages, applicant will need to submit the required application size fee.

- Surcharge as set forth in 37 CFR 1.16(f) has not been received.

The surcharge is due for any one of:

- late submission of the basic filing fee, search fee, or examination fee,
- late submission of inventor's oath or declaration,
- filing an application that does not contain at least one claim on filing, or
- submission of an application filed by reference to a previously filed application.

#### **SUMMARY OF FEES DUE:**

The fee(s) required (including the fees noted above) are as follows. Small entity discount is in effect. If applicant is qualified for micro entity status, an acceptable Certification of Micro Entity Status must be submitted to establish micro entity status. (See 37 CFR 1.29 and forms PTO/SB/15A and 15B.)

- **\$68** surcharge.
- **\$(0)** previous unapplied payment amount.
- **\$68** TOTAL FEE BALANCE DUE.

Applicant is notified that the above-identified application contains the deficiencies noted below. No period for reply is set forth in this Notice for correction of these deficiencies. See 37 CFR 1.53(f).
